Re: Residents' Meeting Concerning Northwest Arm Drive

On June 8th I hosted a meeting for Stoneridge, Kline Heights and Stanley Park residents concerning Northwest Arm Drive and related issues. Enclosed are detailed minutes of the meeting.

About 35 residents from your neighbourhood attended the meeting. I thought that was an excellent turn-out for a fine early summer evening. The discussion was lively.

Also attending were HRM Councillor Linda Mosher, HRP Cst. Ian MacKay, and provincial Department of Transportations staffers Bob Bieren and Darin Murphy. I would like to thank them for taking the time to attend and address residents' questions. Councillor Mosher also left a handy list of Police Department telephone numbers, which I enclose.

If you were not able to attend the meeting, I hope you find these minutes helpful in seeing what's on your neighbours' minds. If there is a local issue that you don't see in the minutes, by all means let me know.

This meeting, and these minutes, are part of an ongoing effort to listen to, and respond to, your concerns about Northwest Arm Drive. I will mail out updates as progress is made.

Yours sincerely,

Graham Steele, MLA
Halifax Fairview
