Mr. Graham Steele
MLA, Halifax Fairview
7071 Bayers Road, Suite 319A
Bayers Road Shopping Centre, Starlite Gallery
Halifax, NS
B3L 2C2

Dear Mr. Steele:

Thank you for your letter of March 28, 2006 regarding Northwest Arm Drive Safety Improvements.

As indicated in a previous letter dated February 28, 2006, while some issues have been identified at the Walter Havill Drive Intersection, similar issues have also been identified at other intersections on Northwest Arm Drive. Department staff are in the process of conducting field surveys at all of these intersections. Once this field survey work has been completed, staff will be able to formulate a system-wide solution to traffic problems along Northwest Arm Drive.

Once the full scope of work has been defined, the Department will develop an implementation plan, taking into account this and other priorities in the region.

Sincerely,

Angus MacIsaac
Minister
